IN ORDER TO CUT COSTS, HURLOCK IS PARTNERING WITH THE COUNTY FOR THE UPCOMING ELECTION. THE ELECTION BOARD WILL PRESENT THE MAYOR WITH A PROPOSAL; THE COUNTY WILL SUPPLY THE ELECTRONIC VOTING MACHINES, AS THE TOWN'S ARE OBSOLETE AND ARE NO LONGER CERTIFIED, AND THEY WILL OVERSEE THE ENTIRE ELECTION PROCESS. Planning & Zoning; Code Enforcement

Goose Creek is still scheduled for expansion. The holdup has been the approval of the interior design by Subway.

A number of properties have transferred and are now under complete renovation, they include; 103 Dorchester Ave., 205 Taylor Ave., 200 James Street and 106 Mapleton.

Grass cutting: The Town is cutting 9 properties on a regular basis. These properties are foreclosure properties whose companies have not assumed maintenance responsibility. Bills are being amassed for the grass cuttings and are required to be paid before the properties transfer.

Mr. John Avery advised the Mayor and Council that interest has been shown in using the old Acme warehouse between Neilson Street and Railroad Ave. for a pallet business. Operations would include the sorting and repair of pallets and would be conducted inside the building. The business would require having a number of trailers on the property at any given time. The property was zoned I-2 and was rezoned to C-2 a couple of years ago. The proposed use is more suitable for I-2 property than C-2. Assemblage of finished products is allowable in C-2 zoned property; the number of trailers is the conflict. In considering the proposed use the business owner has agreed to clean up and remove the rubble from the site. This business would create 3 to 6 jobs. There would be no storage and no odor.

Council President Charles Cephas stated that the Town would get tax revenue and it meets the criteria.

UPON MOTION MADE BY COUNCIL MEMBER Durham AND SECONDED BY COUNCIL MEMBER Nordstrom, the Council voted unanimously to move forward.

Mr. John Avery, Planning & Zoning and Code Enforcement Officer reported to the Mayor and Council that we are in the final stages of applying for a **Community Development Block Grant**; the scope of the work would include a 1-1/2 inch asphalt overlay of Neilson Street. A resolution by the Mayor and Council authorizing an application for the grant is required. The Mayor met with Comptroller Peter Franchot last Friday who stated that he would be issuing a letter of support for the grant, it will be included in the application package. Mr. Franchot met with us last year regarding the lost highway user fees, and toured the Town at that time and saw the deplorable condition of the Town streets, especially Neilson Street.

Council President Cephas asked Mr. Avery to request a letter of support from our State Representatives. Mr. Avery thanked the residents who responded to the survey to complete the application. The Council thanked Mr. Avery for his excellent work.

The Meeting was adjourned at 6:30 P.M., to be continued following the Public Hearing regarding the Resolution to apply for a Community Development Block Grant.
